MINIMUM SERVICES

The Minimum Services charge represents the minimum non-declinable services required to facilitate the disposition of a deceased person, whether by cremation, burial or hydrolysis (also known as “aquamation”).

This minimum service charge is applicable to every family we serve and includes transferring the deceased from the place of death (or Coroner’s Office, hospital, airport, etc.) to our holding room, where the deceased will be placed in a casket* of your choosing and securely held until the necessary documentation is completed for burial, cremation or hydrolysis, as applicable. Once the required documentation is ready (i.e. death has been registered and if applicable, the coroner’s certificate for cremation / hydrolysis has been obtained), the deceased is transported in a service van or SUV to the cemetery, crematorium, or hydrolysis facility at the earliest practicable opportunity or at a scheduled time, as applicable.

Additional fees may apply for mileage beyond 50 km, pacemaker/radioactive implant removal and pallbearers (burial only)

Professional and staff services - (Direct)	\$975.00
Documentation	\$340.00
Minimum Preparation of deceased	\$110.00
Facilities for preparation/embalming/shelter	\$297.00
Initial Transfer of deceased	\$425.00
Final transfer of deceased	\$235.00

Minimum required disbursements, as applicable:

Cremation fee charged by crematorium: (*approx. Range*) \$630.00 - \$750.00

(We will arrange cremation with any crematorium, prices will vary with Crematorium used)

Hydrolysis fee charged by hydrolysis facility: \$750.00

Coroner’s fee (required for cremation/alkaline hydrolysis/out of province shipments only): \$75.00

Interment fee charged by the cemetery to open and close the grave: Price varies by cemetery

Death registration fee charged by the local municipality: \$55.00

(Charged in all cases where the death occurs in Ontario)

Bereavement of Ontario Consumer Protection Fee – fee levied by the provincial governing body for its operations \$30.00

*If hydrolysis is selected: A casket is not used for hydrolysis. In some circumstances, a hydrolysable container or shroud may be required. For more information on this alternative method of disposition, please speak with one of our funeral directors, or refer to the Bereavement Authority of Ontario’s Consumer Information Guide.

ADDITIONAL SERVICE OPTIONS

We offer the following additional services, which are **optional**:

Burial, Cremation and Green Service Options

Families want choices. Our counsellors can assist in providing you the necessary options that best suits you. Whether simple or traditional, we can deliver the professional services you are looking for in the budget you would like to have.

Additional body preparation services

It is our policy that human remains be identified whenever possible. The identification may be made by anyone who knew the deceased, including a relative, friend, neighbour, co-worker, or clergy person. This may be handled in person, by means of a photograph, or a digital meeting. While identification of a body is possible with the minimum required preparation, you may wish to consider opting for embalming, as it might afford a more comfortable final viewing experience. Embalming is not legally required but may be recommended to preserve the body between the time of death and final disposition. One of our funeral directors will be able to guide you on preparation options and make recommendations based on the condition of the body and the expected service needs.

Visitation/Gathering/Farewells

These are informal gathering periods that allow family and friends to come and pay their respects and offer comfort to a grieving family. A minimum of 2 hours must be selected for any visitation/gathering period. Suggested hours could be 2-4 & 6-8 p.m. or 4-9 p.m. or any other that best suits your needs.

Funeral Services/Celebrations of Life

This includes services, rites, and ceremonies with the body present in a casket. A funeral service can be religious or non-denominational and can be held in various places, including in our chapel, at a place of worship, a venue such as a club or hall, or at the graveside.

Memorial Services/Celebrations of Life

This is a service to commemorate the deceased, which takes place after the body has been cremated or hydrolyzed. The cremated / hydrolyzed remains may or may not be present, as preferred by you; a framed portrait and personal mementos might also serve as a focal point during the memorial service.

Receptions

We offer a beautiful facility in which families may gather and receive guests for a luncheon after the funeral or memorial service. Although our lower lounge does not have elevator access, we do provide our Café for those guests with mobility concerns. Our lower-level reception room accommodates up to 70 people and our main floor Café will accommodate 35 people.

Scatterings

For those families choosing cremation or hydrolysis, we offer the option of having the remains scattered at a dedicated park area. We conduct the scatterings twice (2x) yearly or can be arranged as a service option for the family.

SERVICE PACKAGE OPTIONS

The service packages below are the ones most selected by our families; however, **many other options are available to you**. One of our funeral directors can explain your options to you and help you create a unique service that meets your wishes and honours your loved one in a meaningful way. They would include choices for:

What is NOT included in the packages below:

- any supplies, such as a casket, outer burial container, urn, stationery, etc.
- any additional services beyond those specified in the package
- additional mileage fees beyond 50 km

GREEN BURIAL SERVICE PACKAGES

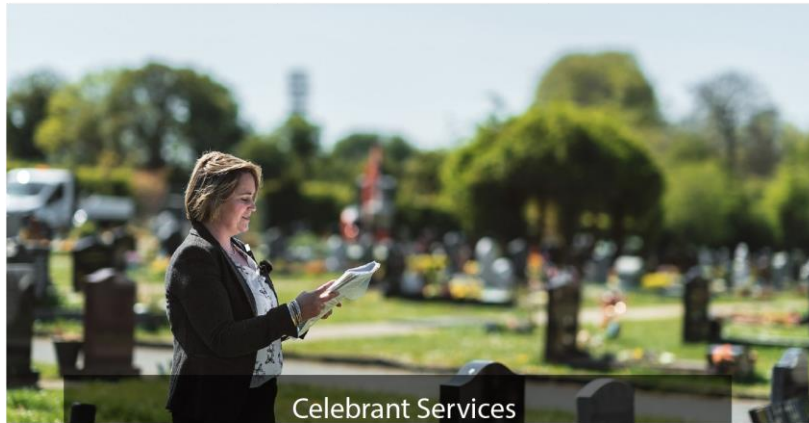

A Green Funeral is the simplest form of burial that has been practiced for thousands of years. Often, the body is prepared without embalming, and buried in a biodegradable shroud, or a simple container, basket or casket made of natural materials and without finishes and harvested in a sustainable manner. Planning often begins with locating a grave. Not every cemetery offers natural or green burials. Our associates would be glad to advise you on your possible options.

CASKETS

The following caskets listed are those generally available. Additional options are available upon request. Unless otherwise noted, all caskets listed are standard adult size. For alternative options and price points, please speak to one of our counsellors.

Minimum requirements for a casket:

For burial: The least expensive wood casket is suitable and is required by most cemeteries' by-laws for interment, in the interest of the health and safety of the workers involved in the interment process. A metal casket may also be used for burial. A growing number of cemeteries in Ontario offer "green" burials, which may consist of interment of a body without a casket. Since there is no legal definition for a "green" burial, it varies from one cemetery to another. For more information, please speak with one of our funeral directors, or visit www.greenburialcanada.ca.

For cremation: A body must be presented to the crematorium in a rigid, leak-proof casket that is made of a combustible material, such as wood or cardboard. Caskets containing non-flammable, hazardous material or chlorinated or fibre-reinforced plastic, other than incidental metal, cannot be used for cremation. We offer a selection of inexpensive caskets below that are suitable for cremation.

For hydrolysis: A casket is not used for hydrolysis (also known as "aquamation"). In some circumstances, a hydrolysable container or shroud may be required. For more information on this alternative method of disposition, please speak with one of our funeral directors, or refer to the [Bereavement Authority of Ontario's Consumer Information Guide](#)

Payment Policy

Our goal is to make sure you are comfortable with the services and merchandise that you have selected. Our councillors would be glad to show you various programs available through municipalities or other levels of government than can assist you.

1. Unless otherwise specified on the Funeral Service Contract, payment is due as indicated on your contract. Interest will be charged at a rate of 24% per annum or 2% per month on overdue accounts.
2. G.H. Hogle Funeral Home will accept up to \$5000 of services and merchandise that we provide on credit cards (Visa and MasterCard only accepted). We reserve the right to restrict or decline certain credit cards offered for payment
3. Disbursements made to outside parties, on your behalf, must be paid by cheque, draft or cash. If they will accept your credit card details, we can arrange payment directly to them with your permission.
4. Insurance policy assignments are possible but depend on ability of the insurance company to accept such instructions as well as the timing and terms of the insurance company payout. This will be decided on a case-by-case basis.
5. Our counsellors would be pleased offer our assistance in accessing closed accounts, Canada Pension Benefits, Life insurance claims, union benefits or government assistance that you may not be aware of.
6. If you require financial assistance, there are government assistance programs available for those who served in the Armed Forces or through local municipalities and federal programs. As your councillor about how you may be able to access these programs.

Pre-payment Options

All costs for services and merchandise will be itemized for you. If you have prepaid the funeral contract in full, the interest that accumulates on the prepaid funds is applied to the total cost of the funeral at the time it is needed. Any excess funds will be applied to additional services ordered after which any remaining balances will be returned to the estate of the deceased person. Any shortfall of fully paid preneed funds to the cost of the services at the time the services are used will be absorbed by G. H. Hogle Funeral Home as described in the prearrangement contract.

For your convenience we offer:

- ONE TIME PAYMENT
- PARTIAL/TIME PAYMENT PLANS – up to 12 months with no financing fees.
- PREARRANGE SERVICES WITHOUT THE BENEFIT OF PREPAYMENT

Payments made will be deposited into trust in the name of the recipient of the services and as outlined in the preneed contract. Payments may be made by cheque or draft.

Any disbursements that may be prepaid for with the providing establishment will have that portion of the payment sent to the institution to secure the services in the future.

Our counsellors would be pleased to go over the various options with you in our offices, in a web meeting, or in the comfort of your home. It's your choice.

The G.H. Hogle Funeral Home Limited is South Etobicoke's **ONLY** funeral home owned by its original founding family. Our experience and dedication has lasted over 3 generations. That means something!!
